

Take my hand

Paroles : Patrick Saint Germain

Musique : Nicolas Mingot

Come on, take my hand
Don't be afraid It's me,
You know my name
Don't be ashamed
No need to hide, It's me
I like you the way you are

Come on, take my hand
I'm sure you'll understand
We are the same
Don't get me wrong
I'm not that strong, but for you
I will do my best, I swear.

I just want to be your hero,
Without supernatural power
I just want to be your hero,
A hero with a face of a dreamer
Sooner or later you'll stay by my side
It is so easy to enjoy the ride...
Now.

Come on, take my hand
Follow me, don't look back
It's much too dark
Don't you trust me
Just read my mind , You will see
You shouldn't worry my dear

Come on take my hand
Hold on tight to your dreams
Before we land
Don't get me wrong
I'm not that strong, but for you
I will do my best, I swear.

I just want to be your hero,
Without supernatural power
I just want to be your hero,
A hero with a face of a dreamer
Sooner or later you'll stay by my side
It is so easy to enjoy the ride...
Now.
